#### 46 CFR Parts 10 and 11

[Docket No. USCG-2006-24371]

RIN 1625-AB02

#### Consolidation of Merchant Mariner Qualification Credentials; Corrections

**AGENCY:** Coast Guard, DHS.

**ACTION:** Final rule, correction.

**SUMMARY:** The Coast Guard published a document in the **Federal Register** on March 16, 2009 (74 FR 11196), consolidating regulations concerning the issuance of merchant mariner credentials. That document contained

several non-substantive errors, including an improperly worded amendatory instruction. This document corrects those errors.

**DATES:** This final rule is effective August 6, 2009.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call Mayte Medina, Coast Guard, telephone 202-372-1406. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

**SUPPLEMENTARY INFORMATION:** The document published in the **Federal Register** on March 16, 2009 (74 FR 11196), contained errors that this document corrects.

We are making the following corrections in part 10. In § 10.109, we are reinserting three STCW endorsements that were erroneously left out of the final rule. In § 10.211, the Coast Guard discussed the date change in the final rule (74 FR 11197). However, when making the date change, we inadvertently missed this instance. In § 10.213, the change in the footnote to Table 12.213(c) is a correction to a cross-reference, which the Coast Guard inadvertently missed when we revised part 10 in the final rule. In § 10.227, we are correcting a similar cross-reference correction. In § 10.235, we are making corrections to clarify the language in that section.

We are making the following corrections in part 11. In § 11.102, we are correcting those sections where material that has been incorporated by reference may be found in part 11. In § 11.104, we are removing redundancy by eliminating definitions that already appear at the beginning of the subchapter in § 10.107. Finally, in the final rule, the amendatory instruction for § 11.601 incorrectly referred to paragraphs (a) through (c) (79 FR 11252). We have included the correct amendatory language here.

None of the above listed corrections are substantive in nature.

**Synopsis of Report and Order**

1. In November 2007, the Commission released a Notice of Proposed Rulemaking (the *Forbearance Procedures NPRM*) (73 FR 6888-01, February 6, 2008) initiating a rulemaking proceeding to establish procedural rules regarding the Commission's consideration of petitions for forbearance filed pursuant to section 10 of the Communications Act of 1934, as amended, (the Act). In this NPRM, the Commission sought comment on measures that had been proposed in a petition filed by Covad Communications Group, NuVox Communications, XO Communications, LLC, Cavalier Telephone Corp., and McLeodUSA Telecommunications Services, Inc. The Commission sought comment on, among other questions, whether all petitions for forbearance should be complete as filed; whether a petitioner for forbearance should have to demonstrate separately how it has satisfied each component of the forbearance standard; and whether the Commission must issue a written order on all forbearance proceedings. The Commission also asked whether the forbearance process was being used as Congress intended, how individual forbearance proceedings relate to industry-wide proceedings, and what burdens, including administrative and financial costs, forbearance proceedings place on stakeholders in the industry.

2. In this Order, the Commission adopts procedural rules regarding forbearance petitions that reflect the Commission's experience in addressing more than 120 forbearance petitions that have been filed under section 10 as well as the record in response to the *Forbearance Procedures NPRM*. In particular, the Commission adopts rules requiring that forbearance petitions be “complete as filed.” This is consistent with the principle that whenever a petitioner files a petition for forbearance, the petitioner bears the burden of proof with respect to establishing that the statutory criteria for granting forbearance are met. The Commission also adopts procedures to ensure that forbearance petitions are addressed in a timely, equitable, and predictable manner. Further, the Commission provides that a forbearance petition may no longer be withdrawn or significantly narrowed by the petitioner after the tenth business day after the due date for reply comments without Commission authorization. These actions and the other actions in the Order seek to implement procedures for handling forbearance petitions in a manner that is front-loaded, actively managed, transparent, and fair.

3. *Petitions Must be Complete as Filed.* In the *Forbearance Procedures NPRM*, the Commission sought comment on whether forbearance petitions should be required to be “complete as filed.” Here, the Commission concludes that section 10 petitions for forbearance must be complete as described below. Henceforth, the Commission requires forbearance petitions to state explicitly the scope of the relief requested; to address each prong of the statute as it applies to the rules or provisions from which the petitioner seeks relief; to identify any other proceedings pending before the Commission where the petitioner speaks to the relevant issues (or declare not to have spoken to the issue, if that is the case); and to comply with simple format requirements intended to facilitate our and the public's review of the petition.

4. The requirement does not prevent a petitioner from seeking additional data from third parties. At the time of filing, forbearance petitioners must identify the nature of the third-party information they need, the parties they believe possess it, and how the information relates to the petition. The requirement does not limit a petitioner's ability to respond to arguments and data in oppositions and comments with counter-arguments and responsive data. A petitioner may submit substantively new material, including new
