**SUPPLEMENTARY INFORMATION:** EPA issued a final rule in the **Federal Register** of June 13, 2016 (81 FR 38104) amending its hazardous chemical regulations due to the changes in the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (HCS). The final rule inadvertently omitted the hazard “serious eye damage or eye irritation” in § 370.66 under the definition of “health hazard”. This action is being issued to correct the omitted hazard in 40 CFR 370.66, which contains the definitions of the key words used in 40 CFR part 370. Specifically, under the definition of “hazard category,” EPA inadvertently omitted the hazard, “serious eye damage or eye irritation” under the definition of “health hazard.” This document corrects this error by adding the hazard, “serious eye damage or eye irritation” in 40 CFR 370.66 under the definition of “health hazard.”
