Procedures for Transportation Workplace Drug and Alcohol Testing Programs; Withdrawal of Direct Final Rule

AGENCY: Office of the Secretary, Department of Transportation (DOT).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to the receipt of adverse comments, the U.S. Department of Transportation (DOT) is withdrawing the direct final rule “Procedures for Transportation Workplace Drug and Alcohol Testing Programs,” published on June 21, 2024.

DATES: Effective August 1, 2024, DOT withdraws the direct final rule published at 89 FR 51984, on June 21, 2024.

FOR FURTHER INFORMATION CONTACT: Bohdan Baczara, Deputy Director, Office

regulatory authority under the Clean Air Act for such Indian country.

³ This date is August 3, 2018, unless otherwise noted.

of Drug and Alcohol Policy and Compliance, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone number 202-366-3784; ODAPCwebmail@dot.gov.

SUPPLEMENTARY INFORMATION: On June 21, 2024, DOT published a direct final rule (89 FR 51984). We stated in that direct final rule that if we received adverse comment by June 22, 2024, the direct final rule would not take effect and we would publish a timely withdrawal in the **Federal Register**. Because DOT subsequently received adverse comment on that direct final rule, we are withdrawing the direct final rule.

DOT published a parallel proposed rule on the same day (89 FR 52002, June 21, 2024) as the direct final rule, which proposed the same rule changes as the direct final rule. The proposed rule invited comment on the substance of these rule changes. DOT will respond to comments as part of any final action taken on the parallel proposed rule. As stated in the direct final rule and the parallel proposed rule, we will not institute a second comment period on this action.

List of Subjects in 49 CFR Part 40

Administrative practice and procedures, Alcohol abuse, Alcohol testing, Drug abuse, Drug testing, Laboratories, Reporting and recordkeeping requirements, Safety, Transportation.

Signed pursuant to authority delegated at 49 CFR 1.27(c) in Washington, DC.

Subash Iyer,

Acting General Counsel.

■ Accordingly, as of August 1, 2024, DOT withdraws the direct final rule amending 49 CFR part 40, which published at 89 FR 51984, on June 21, 2024.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 635

[Docket No. 220919-0193; RTID 0648-XE141]

Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Fisheries; Closure of the Angling Category Gulf of Maine Area Trophy Fishery for 2024

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS closes the Angling category Gulf of Maine area fishery for large medium and giant (“trophy” (*i.e.*, measuring 73 inches (185 centimeters) curved fork length or greater)) Atlantic bluefin tuna (BFT). This action applies to Highly Migratory Species (HMS) Angling and HMS Charter/Headboat permitted vessels when fishing recreationally.

DATES: Effective 11:30 p.m., local time, July 31, 2024, through December 31, 2024.

FOR FURTHER INFORMATION CONTACT:

Anna Quintrell, anna.quintrell@noaa.gov or Larry Redd, Jr., larry.redd@noaa.gov, 301-427-8503.

SUPPLEMENTARY INFORMATION: BFT fisheries are managed under the 2006 Consolidated Atlantic HMS Fishery Management Plan (FMP) and its amendments, pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and consistent with the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*). HMS implementing regulations are at 50 CFR part 635. Section 635.27 divides the U.S. BFT quota, established by the International Commission for the Conservation of Atlantic Tunas (ICCAT) and as implemented by the United States among the various domestic fishing categories, per the allocations established in the 2006 Consolidated HMS FMP and its amendments. NMFS is required under the Magnuson-Stevens Act at 16 U.S.C. 1854(g)(1)(D) to provide U.S. fishing vessels with a reasonable opportunity to harvest quotas under relevant international fishery agreements such as the ICCAT Convention, which is implemented domestically pursuant to ATCA.

Under § 635.28(a)(1), NMFS files a closure notice with the Office of the Federal Register for publication when a BFT quota (or subquota) is reached or is projected to be reached. Retaining, possessing, or landing BFT under that quota category is prohibited on and after the effective date and time of a closure action for that category, for the remainder of the fishing year, until the opening of the subsequent quota period or until such date as specified.

The 2024 BFT fishing year, which is managed on a calendar-year basis and subject to an annual calendar-year quota, began January 1, 2024. The Angling category season opened January 1, 2024, and continues through

December 31, 2024. As described in § 635.27(a), the current baseline U.S. BFT quota is 1,316.14 metric tons (mt) (not including the 25 mt ICCAT allocated to the United States to account for bycatch of BFT in pelagic longline fisheries in the Northeast Distant Gear Restricted Area per § 635.27(a)(3)). The Angling category baseline quota is 297.4 mt, of which 9.2 mt (3.1 percent of the annual Angling category quota) is sub-allocated for the harvest of large medium and giant (trophy) BFT by vessels fishing under the Angling category quota, with 2.3 mt (25 percent of the annual large medium and giant BFT Angling category quota) allocated for each of the following areas: north of latitude (lat.) 42° N (the Gulf of Maine area); south of lat. 42° N and north of lat. 39°18' N (the southern New England area); south of lat. 39°18' N and outside of the Gulf of Mexico (the southern area); and the Gulf of Mexico region. Trophy BFT measure 73 inches (185 centimeters) curved fork length or greater. This closure action applies to the Gulf of Maine area.

Angling Category Trophy Bluefin Tuna Gulf of Maine Fishery Closure

Based on landings data from the NMFS Automated Catch Reporting System, as well as average catch rates and anticipated fishing conditions, NMFS projects the Angling category Gulf of Maine area trophy BFT subquota of 2.3 mt has been reached and exceeded. Therefore, retaining, possessing, or landing large medium or giant (*i.e.*, measuring 73 inches (185 cm) curved fork length or greater) BFT in the Gulf of Maine area by persons aboard HMS Angling and HMS Charter/Headboat permitted vessels (when fishing recreationally) must cease at 11:30 p.m. local time on July 31, 2024. This closure will remain effective through December 31, 2024. This action applies to HMS Angling and HMS Charter/Headboat permitted vessels when fishing recreationally for BFT, and is taken consistent with the regulations at § 635.28(a)(1). This action is intended to prevent further overharvest of the Angling category Gulf of Maine area trophy BFT subquota. NMFS previously closed the 2024 trophy BFT fishery in the southern area on February 9, 2024 (89 FR 10007, February 13, 2024), in the southern New England area on May 2, 2024 (89 FR 37139, May 6, 2024), and in the Gulf of Mexico area on May 29, 2023 (89 FR 47105, May 31, 2024). Therefore, with this closure of the Gulf of Maine area trophy BFT fishery, the Angling category trophy BFT fishery will be closed in all areas for 2024.
